Mountains to the dog-fighting rings of Detroit to the lavish Los Angeles hotels where the famous run wild--the  
characters in [this book] all thirst for something seemingly just beyond their reach. Some are on the run,  
pursued by the law or propelled relentlessly forward by a dangerous past that is disturbingly close. Others are  
searching for a semblance of peace and stability, and even love, in a fractured world defined by seething  
violence and ruthless desperation"--\$cProvided by publisher.
